PROFESSIONAL SUMMARY

Computer Science Engineering undergraduate with strong fundamentals in Core Java, Object-Oriented Programming, Data Structures & Algorithms, DBMS, and SQL. Hands-on experience in backend development using Node.js and building RESTful APIs. Demonstrated ability to write clean, efficient code, debug effectively, and learn new technologies quickly in structured engineering environments.

EDUCATION

- **Bachelor of Technology in Computer Science Engineering**
Chitkara University, Himachal Pradesh ,India
2023 – 2027 (Expected).

TECHNICAL SKILLS

- **Frontend:** React.js Hooks, Context API | Routing | HTML | CSS3 Flexbox, Grid, Responsive Design | EJS
- **Backend:** Node.js, Middleware | Express.js Routing,Error Handling | REST APIs Authentication
- **Languages:** JavaScript, DOM Manipulation | Java OOP, Collections | C++, OOP, Memory Management
- **Databases:** MongoDB | MySQL Joins, Indexing, Normalization, Query Optimization
- **Tools:** Git | GitHub | VS Code

PROJECTS

1. Assignment Approval System — Node.js, Express.js, MongoDB, EJS, JWT --- (Sept - Dec 2025)

Designed and implemented a role-based assignment approval system using Node.js, Express.js, and MongoDB, supporting secure JWT authentication for admins, faculty, and students.

Developed admin dashboard with EJS for user, department, and assignment management, including secure file uploads and automated email notifications.Improved assignment tracking and approval workflow efficiency by centralizing submissions and status updates.

2.Attendance System Using Face Recognition (Academic) --- (Jan - Apr 2025)

workflow focusing on data handling, system logic, and identity verification concepts.Backend API Practice Projects- Developed REST APIs using Node.js implementing CRUD operations, routing, request handling, and database connectivity.DSA & Java Practice Repository- Solved algorithmic problems on arrays, linked lists, recursion with focus on edge cases and time–space complexity.

CERTIFICATIONS

- **Infosys Springboard Certification** – Database Management Systems (DBMS)
- **Infosys Springboard Certification** – Computer Networking
- Self-driven technical training in Java OOP, DSA, DBMS, SQL, backend development,

EXTRA-CURRICULAR

- NSS Volunteer (2 Years)- Participated in social initiatives and team-based activities, developing discipline, responsibility, and collaboration skills.
