PROFESSIONAL SUMMARY

Full-Stack Web Developer skilled in React.js, Next.js, JavaScript, TypeScript, SQL, and Node.js, with experience building scalable, high-performance web applications. Strong focus on clean, user-friendly interfaces, efficient backend architecture, and delivering seamless, reliable user experiences.

EDUCATION

- **Bachelor of Technology in Computer Science Engineering**
- Chitkara University, Himachal Pradesh, India
- 2023 – 2027 (Expected)
- CGPA: 9.67 / 10

TECHNICAL SKILLS

- Frontend: React.js, Next.js, HTML, CSS, EJS
- Backend: Node.js, Express.js
- Languages: JavaScript, TypeScript, Java, C++, C
- Databases: MongoDB, PostgreSQL, SQL
- Tools: Git, GitHub, VS Code
- Cloud: AWS (EC2, S3 – basic)

PROJECTS

1. Assignment Approval System — Node.js, Express.js, MongoDB, EJS, JWT

Designed and implemented a role-based assignment approval system using Node.js, Express.js, and MongoDB, supporting secure JWT authentication for admins, faculty, and students.

Developed admin dashboard with EJS for user, department, and assignment management, including secure file uploads and automated email notifications. Improved assignment tracking and approval workflow efficiency by centralizing submissions and status updates.

2. Real-Time Chat Application — Node.js, Express.js, Socket.io, MongoDB

Built a real-time one-to-one chat application using Socket.io and Node.js, enabling instant message delivery and live user presence tracking. Implemented secure authentication and session handling with Express.js and MongoDB, ensuring private communication without page reloads. Designed RESTful APIs for user management and integrated real-time UI updates using WebSockets.

CERTIFICATIONS

- Infosys Springboard Certification – Database Management Systems (DBMS)
- Infosys Springboard Certification – Computer Networking
- Participation Certificate – Artificial Intelligence and Machine Learning Training Sessions

ADDITIONAL INFORMATION

- Actively practicing Data Structures and Algorithms in Java.
- Currently learning AWS cloud services and backend system design fundamentals.
